Value & quality

A commitment of excellence to the meeting and incentive industry

RUSTIC STONE INUKSHUK

These life-like figures, created by the Inuit people, have acted as guides for travelers in Canada's far north for centuries. They are called *Inukshuk* – a symbolic landmark that acts in place of a human messenger, which supports survival, and gives direction and leadership to all who pass by. This hand-crafted Rustic Rock Inukshuk stands as a milestone on the road that has been traveled and as a symbol of the warm relationships that have been established. It is hereby given as a memory of your journey and an eternal symbol of the importance of friendship and communication between people, companies and countries. **IM-05**

SAND DOLLAR

The Sand Dollar endures a multitude of shifting tides and tumultuous storms before being transformed into a sparkling treasure. It is hereby given as a symbol to recognize your individual strength of character, perseverance, and transformation within this organization. **WWC-001**

*“Great things
are done not by
impulse, but by
a series of small
things brought
together.”*

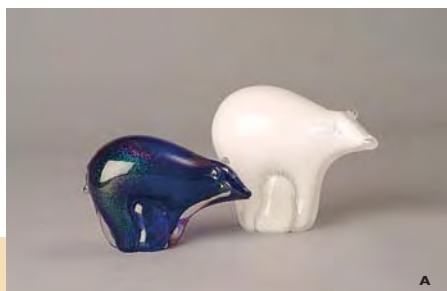

VINCENT VAN GOGH

FISHERMAN

A successful Inuit fisherman dressed in traditional garments. This handcrafted art piece has been delicately carved from soapstone. Soapstone has a distinguished soft texture and comes in a variety of earth tones. 9" h x 8" w. **CGA-MF9M**

MXC-450

In the words of others...

"I would like to thank you and your staff for your diligent efforts in working with us over the summer to create deluxe gift baskets for our guests at the National Dealer Meeting.

The baskets were truly impressive and contained all of the elements we were looking for to give to our attendees as a remembrance of the spectacular location. The items in the basket were very carefully chosen by you and well integrated into the unique container. You were very gracious and responsive to our requests to see different items as we all worked together for the perfect selection. The end result was a very unique and impressive collection of items elegantly presented.

Many thanks for your tireless efforts. It was a pleasure working with you."

Mercedes Benz

"Thank you for helping make our Delphi Delco Electronics Systems dealer incentives program a success. The room gifts purchased provided a special touch that made a wonderful program even more memorable for our dealers. Your attention to detail and creative gift ideas, along with the extreme professionalism shown by your staff, make British Columbia one of our favorite incentive destinations. We will definitely be seeing you for upcoming programs."

Delphi Delco Electronic Systems

"Idea Incentives worked with our team in Atlanta to design a jacket specifically for us. During a two-week period I worked with Idea Incentives to design a sample prototype for our team. Idea Incentives shipped us five custom samples, each in different fabrics and styles...Idea Incentives offered us a choice and provided us with an original product within our stated budget...I would like to acknowledge the great service and the excellent product we received from this company. I would definitely recommend them to you."

The Home Depot

"Thanks for all your help. The deliveries went perfectly. Everyone loved the vests and wore them all during the week. The bear bells were a real hit too and we had lots of fun passing them out during the gondola ride. Thanks again for everything."

Fujitsu Network Communications, Inc.

"May this letter represent my recommendation of outstanding products as well as excellent customer service from Idea Incentives during the past year of 2003. Carrie Ray of Idea Incentives was terrific to work with and handled all my gifts requests with professionalism and accuracy. Through the year I had requested numerous shipments to be sent to certain venues on certain dates and I never had to worry if they were received. Carrie personally made sure all our shipments/needs were met. Products were of superior quality and fit our needs perfectly. I will definitely use this company in the future."

Western Energy Institute

"Great things are not done by impulse, but by a series of small things brought together." – VINCENT VAN GOGH
