

The Inukshuk, created by the Inuit people have acted as guides for travelers in Canada's North for centuries. This theme is pertinent when it comes to corporate incentives and awards. It is given as a memory of journeys and is an eternal symbol of the importance of friendship and communication between peoples, companies and countries.

Idea Incentives is always sourcing exciting new products for your programs. Your next program should be memorable. We continually modify and expand our product offerings to provide you with the best gifts anywhere. Check out our [website](#) and [new catalogue](#) or call us at **1877 454 4332** for more products.
